OLD AGE SECURITY PENSION

A federal benefit available to persons 65 years of age or older who were born in Canada or have lived in Canada for the last ten years (or qualify under one or two exceptions to this rule).

The monthly payment as of April 1, 1984 is $266.28. Payments increase in January, April, July and October each year, if there is an increase in the cost of living index.

You must apply for this pension. If possible, send in your application six months before your 65th birthday. You must include your birth certificate or two other documents that state your date of birth. If you do not have proof of age, the Old Age Security office will help you with this. Your first cheque will come in the month following your 65th birthday.

Application forms are available at all post offices or at any INCOME SECURITY PROGRAMS OFFICE.

GUARANTEED INCOME SUPPLEMENT

A federal government benefit available to persons who receive the Old Age Security pension and who have little or no other income.

This additional pension *must be applied for every year.* Eligibility and the amount of the supplement depends on your total family income in the previous calendar year (from January to December) and your marital status. The maximum amount as of April 1, 1984 is: single, $267.33; married couple, $206.11 for each person. This supplement is included in the federal Old Age Security cheque.

If the cost of living goes up, the supplement goes up in January, April, July and October.

If an application form has not been sent to you and you think you are eligible, contact the nearest INCOME SECURITY PROGRAMS OFFICE.

SPOUSE'S ALLOWANCE

A federal benefit paid to spouses, between 60 and 65 years of age, of pensioners receiving the Guaranteed Income Supplement.

To be eligible:

1. You must be the husband or wife of an old age pensioner (a common-law relationship may be recognized).
2. You must be between 60 and 65 years of age, and you must have lived in Canada at least ten years before you apply.
3. Your combined annual income, not including the Old Age Security Pension, must be less than $14,207.99, effective April 1, 1984 (this amount goes up from time to time).

This allowance is not available to widowed, separated or divorced people; however if the spouse dies while the surviving spouse is receiving Spouse's Allowance, this benefit can be continued.

The amount of allowance depends on your combined income in the previous calendar year. Effective April 1, 1984, the maximum payment is $472.39 a month. Payments are increased in January, April, July and October each year if there is an increase in the cost of living index.

Your spouse should apply for this federal government allowance six months before his or her 60th birthday, and *reapply each year* until he or she becomes eligible for the Old Age Security pension at age 65. Federal legislation provides for the continuation of the Spouse's Allowance if the spouse over 65 dies.

CANADA PENSION PLAN

A contributory pension plan of the federal government. You may be eligible for benefits if you have paid into the plan. You should apply six months before your 65th birthday or two months before your retirement. *The amount of pension depends on your wages when employed.*

The Canada Pension Plan pays six benefits to contributors:

1. a monthly retirement pension to those age 65 and older.
2. a monthly disability pension to persons under 65.
3. a monthly benefit for children dependent on a disabled person (under 65).

4. a monthly spouse's pension for widows and widowers whose spouse had contributed to the plan.
5. a monthly pension for orphans.
6. a death benefit.

If you are eligible for both the OLD AGE SECURITY pension and this retirement pension, you may apply for both pensions at the same time at any INCOME SECURITY PROGRAMS OFFICE.

THE EXTENDED HEALTH BENEFITS PROGRAM

An Alberta program for senior citizens which helps pay for eyeglasses, dental care and dentures, hearing aids, surgical supplies and appliances and medical equipment.

Coverage begins on your 65th birthday and includes **your spouse and dependents**. If you are not registered as a senior citizen with the Alberta Health Care Insurance Plan, see beginning of this section for details on registration. *It is registration with the Alberta Health Care Insurance Plan that makes you eligible for this program.*

NOTE:

If the spouse over age 65 dies, coverage for the surviving spouse under 65 and dependents is discontinued at the end of the second month following the month in which the death occurred.

Present your Alberta Health Care Insurance Card when obtaining a benefit under this program. Always ask about what will be covered by the program and what you will need to pay.

For further information about the following benefits, contact your local information centre (see page 1).

1. Eyeglasses

The total cost of glasses is not covered. Before ordering glasses, ask the dispenser how much you must pay, how much Extended Health Benefits will pay and ask about the method of payment. There are two ways your bill can be paid:

(a) Extended Health Benefits, at the Alberta Health Care Insurance Plan, can be billed directly for the allowed amount; and you will be asked to pay the **difference** between this and the total cost of the glasses.

(b) You may be asked to pay the total cost of your glasses; if so, ask for a claim card at the dispenser's office, sign it and send it to EXTENDED HEALTH BENEFITS, Box 1376, Edmonton, T5J 2Y6. Allow at least six weeks for the refund.

When you are choosing your glasses, be sure they fit well and that you can see clearly. You are allowed only one pair of eyeglasses every three years, except that the program will provide payment for one pair of distance glasses and one pair of reading glasses in place of bifocals or trifocals. Also, a change of lenses will be paid for by the program if you have surgery which affects your vision requiring a change of prescription. If your glasses are accidentally damaged, the cost of repairs can be covered; or the glasses can be replaced if they are damaged beyond repair.

There are limits on coverage for lenses, frames, eyeglasses and eye examinations.

You may request a letter of eligibility from Extended Health Benefits to determine whether coverage is available at the time you are planning new eye care.

Only the wholesale cost of the lenses is covered by the program. You could be required to pay considerably more than this amount. Tinted lenses are not covered, but the program will pay an amount equal to what it would pay for untinted lenses with the same corrections. Contact lenses are not covered by the program.

There is a limit to the amount allowed for frames. A maximum of $31.50 will be paid toward the cost of frames and $13.90 for dispensing. You will have to pay the difference between this and the combined cost of the frames and dispensing. Check with dispensers, as some have "discontinued" frames available at reduced prices.

There are often extra charges for eye examinations by opthalmologists and optometrists. Both opthalmologists (medical doctors who specialize in eye problems) and optometrists can prescribe glasses. You may want to compare costs.

To obtain reimbursement for eyeglasses, write to:

2. Dental Care and Dentures

Before making an appointment with a dentist or dental mechanic, ask about the method of payment and the cost.

Most dentists will bill the program directly, but there may be an additional charge not cover-

ed by the program. When services are provided by a dental mechanic, under an agreement, the dental mechanic will accept the benefit payable by the program as payment in full and there will be no additional charge to you.

WARNING:

A few dental mechanics have not signed an agreement with the government, and you will not receive any reimbursement for services received from them. You are advised to check this beforehand with the dental mechanic you select.

In some cases, the dentist may ask you to pay the total cost, and he will provide a claim card for you to sign and send to EXTENDED HEALTH BENEFITS, Box 1376, Edmonton, T5J 2Y6 for a refund. There may be a difference between the amount you pay the dentist and the amount the program will reimburse you.

The program covers the cost of filling, extracting and repairing natural teeth as well as orthodontics, partial dentures, full dentures, denture repairs and denture relines with the following limitations:

(a) one complete denture or reset (including rebase) for each arch once every five years.

(b) one partial denture for each arch once every five years.

(c) within a five year period it is possible to obtain a partial denture for one arch and have it replaced by a complete denture.

(d) one denture reline or rebase every two years.

(e) benefits up to a maximum of $1,200 for any two consecutive calendar years.

(f) payment for major orthodontics (straightening of teeth) with prior approval by the Alberta Dental Association and then approval by the Plan.

(g) gold inlays on dentures are not covered.

(h) there are restrictions for occlusal adjustments. Consult your dentist.

These time periods are measured from billing dates. You may request a letter of eligibility from Extended Health Benefits to determine whether coverage is available at the time you are planning for dental care.

NOTE CONCERNING DENTURES:

It could take as long as three months for you to get adjusted to new dentures, so do not give up and begin using old dentures. If your new dentures do not seem to fit, ask your dentist or dental mechanic to make adjustments. Remember, when the dentures you have ordered are made, even if you refuse them or return them as unsatisfactory, they still have to be paid for as the ONE set provided in the five year period.

If your dentures have been adjusted to the extent that the dentist or dental mechanic states there is nothing more he can do, and your dentures are still unsatisfactory, you should write to:

Box 1376

3. **Hearing Aids**

If your hearing problem cannot be corrected by medical or surgical treatment, you may want to consider a hearing aid. The basic tests for the selection and fitting of hearing aids can be done by either a clinical audiologist or a hearing aid dealer.

The majority of hearing aid dealers have an agreement with the government and will bill the program directly for the total cost of the testing, the fitting and the hearing aid.

WARNING:

Some hearing aid dealers have not signed an agreement with the government, and you will not receive a refund for services provided by them; ask about this before making an appointment.

Before hearing aid services are provided, the hearing aid dealer will require you to obtain a written statement from your physician indicating there is no medical reason why an aid should not be fitted. This is most important, so be sure to see your doctor.

After a minimum 30 day trial period following the fitting of the aid, you will be asked to sign a

certificate stating satisfaction. Payment to the dealer will not be made by the program until you have signed.

In some cases, it takes more than the 30 day trial period to judge whether or not a hearing aid is going to give the best results possible. It may take some time to adjust to a hearing aid. Do not hesitate to see your dealer and ask him questions.

DO NOT SIGN THE ACCEPTANCE FORM UNTIL YOU ARE COMPLETELY SATISFIED.

The dealer will service the hearing aid without charge for 12 months after the trial period. After the 12 month period, continue to see your dealer if you have problems with your aid.

Limitations of the program are:

(a) Your hearing aid dealer will provide 12 months servicing, including repairs and parts.

(b) Replacement of batteries is always at your own cost.

(c) After the 12 month service period, minor repairs once every 6 months are provided. The program will pay for factory repairs once in any 6 month period following the expiry of the 12 month warranty period.

(d) A hearing aid will be provided for one ear only.

(e) Loss of a hearing aid before the end of a four year period is not covered.

After a four year period, if your hearing aid is no longer serviceable or the hearing impairment has changed, the program may approve another aid.

4. **Medical/Surgical Supplies and Rehabilitation Equipment**

These items are supplied to eligible persons who are disabled for a long term and to individuals who are chronically or terminally ill. Seniors requiring a benefit must see a program "Authorizer" registered with the Extended Health Benefits Program. Authorizers are health professionals located within your local health unit and in many hospitals, who will assess the need for benefits and complete an authorization form to order the benefits. Most items also require a medical doctor's prescription which verifies medical need for the equipment.

Benefits include: medical/surgical supplies such as ostomy products, incontinence and catheter supplies, injection supplies, urine testing agents and dressings for certain conditions; respiratory equipment; mobility aids such as canes, walkers, and wheelchairs; environmental aids such as bath seats, patient lifters, and commodes; support items such as soft support garments and pressure gradient stockings; mastectomy benefits; and custom-made orthopedic footwear. Off-the-shelf orthopedic shoes are not provided.

EXCEPTION:
To obtain custom-made orthopedic footwear benefits, a specific prescription from a medical doctor may be taken directly to a specialty shoemaker or orthotist supplier registered with the program.

Many supplies are obtained through retail pharmacies and other suppliers. The larger equipment is provided on loan through the program unit, which will deliver the large recyclable equipment and will maintain it in good operating condition.

Program authorizers and suppliers have complete lists of all items provided and how often you can receive them. The pharmacist or supplier will bill the program directly for authorized benefits. The total cost is covered by the program.

Only certain medical and surgical supplies and equipment are provided. To ensure coverage you should obtain an authorization form ***before*** *you contact a supplier. The program does not reimburse people for items purchased previously.*

SPECIAL DIETS AND DIET SUPPLEMENTS ARE NOT A BENEFIT.

ARTIFICIAL EYES AND LIMBS AND RIGID METAL OR PLASTIC BRACES ARE NOT COVERED (SEE SECTION ON ALBERTA BLUE CROSS).

HOUSING FOR SENIOR CITIZENS

LODGES

Accommodation providing room and board to senior citizens who do not wish to or cannot handle their own housekeeping.

Lodges are located throughout the province. The average lodge accommodates between 40 and 65 persons and has both single and double rooms. Furniture, drapes and linen are provided. Complete meal services in a central dining hall are provided for all residents.

Rental rate guidelines are set by the provincial government.

The maximum rates as of April, 1984 are:

$316 a month, each person, for a double room.

$353 a month for a single room.

$411 a month for special single rooms (large).

The local foundation (municipally appointed board) managing each lodge is responsible for handling applications, selecting tenants and setting the rules and regulations for the lodge. The general admission requirements are:

1. reasonable mental and physical health.
2. Alberta residency for one year prior to application.
3. at least 65 years of age. One member of a couple must be 65 years or older.

For more information, contact your local foundation or local information centre (see page 1).

APARTMENTS

Self-contained apartments designed to provide accommodation for senior citizens at a reasonable rent.

The units are either bachelor or one bedroom apartments with stoves, refrigerators and carpets. Lounges and laundry facilities are available in each project.

Rents in the buildings built under the present plan are based on income. A senior citizen pays 25 percent of his or her gross income in rent.

Cottages or self-contained units built prior to the present plan charge a flat rate which is considerably lower than that charged by privately owned apartments. Rates as of April, 1984 are: bachelor, $145; one bedroom, $212.

If you are a resident of Alberta and can manage your own housework, you may be eligible for a senior citizens' apartment. Since the supply of housing available is limited, priority is given to those in greatest need. Need is determined by your family income, your assets, condition of your present accommodation, the amount of your present rent and the availability of services to you.

Applications are made directly to the project management group which selects the tenants.

For more information in Calgary, Edmonton, Lethbridge and Medicine Hat, contact your local housing registry (see below).

PROVINCIAL ORGANIZATIONS FOR SENIORS

ALBERTA COUNCIL ON AGING

A voluntary organization of groups, individuals and organizations in the Province of Alberta concerned with the process of aging. It seeks to increase understanding of the impact of aging on both individuals and society. It works for change, both social and individual, in order to enhance the active community participation of older members of society.

The A.C.A. has a board of up to 30 members, the majority of whom are senior citizens, who are elected by its membership from various parts of Alberta. The Board of Directors is responsible for the development of organizational policy and program strategies.

The Council acts as secretariat for the **Interagency Council,** representatives of non-governmental provincial organizations representing the elderly in Alberta. In this way, it encourages co-ordination among groups and encourages the participation of individuals in their communities.

The A.C.A. has also been instrumental in the promotion of senior involvement in areas such as health care, transportation, senior centre management, education, sports and recreation, the arts and law enforcement.

The Council publishes the **A.C.A. News**, a newspaper providing up-to-date information on programs, services and policies affecting older Albertans.

It publishes **Foresight**, a bi-monthly magazine for those planning retirement. Subscriptions cost $10 a year for non-members; $9 a year for members.

Individual membership costs $5 a year and includes the **A.C.A. News**. Organizational membership is $15 a year and provides 7 copies of each issue of the newspaper and free use of the film library.

Members age 55 or over can subscribe to the program, **A.C.A. 55**, which is offered in cooperation with companies to extend benefits and services in areas such as travel, insurance, financial counselling, real estate and legal advice, plus free copies of **Foresight** for an annual fee of $25. This includes the membership fee.

Other services include conferences, publications on aging, workshops and consulting.

CANADIAN PENSIONERS CONCERNED, ALBERTA DIVISION

A senior citizens' organization that concentrates its activities specifically in the area of financial concerns and problems of pensioners. It feels that those seniors' organizations whose work relates to education and who promote recreation, travel and social activities are well-developed, whereas the area of financial concern requires specialized attention.

To achieve its aims, Canadian Pensioners Concerned becomes involved in researching areas of need, anomalies, discrepancies and general financial interest related to pensioners. It monitors legislation passed or proposed and makes its findings known tc whichever government is involved by briefs, presentations and lobbies.

All the work of Canadian Pensioners Concerned is carried on by volunteers. Although Canadian Pensioners Concerned has been funded in the past by the federal New Horizons program, it is now completely self-supporting. Donations and contributions from members and the community are its only source of income to cover its operating expenses.

Membership is available to individuals, senior citizens' groups and senior citizens' organizations such as drop-in centres.

A newsletter is published four times a year. It informs members of benefits available and legislation affecting pensioners.

APPENDIX III — WIDOWS' PENSION PROGRAM

WIDOWS' PENSION PROGRAM

A provincial financial assistance program available to widows or widowers, age 55 and over but under 65, who have a limited income, or no income.

To Be Eligible

A person must be an Alberta resident and a Canadian citizen or a non-sponsored landed immigrant.

Financial Benefits

Are similar to those received by Alberta senior citizens under the Alberta Assured Income Plan and the Federal Income Security Programs.

Health Care Benefits

Are available to recipients and their dependents and are similar to those extended to senior citizens in Alberta. They include premium-free coverage under the Alberta Health Care Insurance Plan, the Extended Health Benefits Program and the Alberta Blue Cross Plan.

This health care coverage is effective on the date eligibility for the pension is established, **providing you are registered with the Alberta Health Care Insurance Plan.** You will automatically receive a Blue Cross card which will entitle you to receive Blue Cross benefits. These benefits will cease at the end of the second month following the date that you are no longer eligible for the Widows' Pension.

Hospital Benefits

You will not be required to pay the $10 admission fee charged by Alberta's general hospitals if you present the yellow card which entitles you to Extended Health Benefits under the Alberta Health Care Insurance Plan.

Housing Benefits

Which may be available to recipients of the Widows' Pension are the Property Tax Reduction Benefit or Renters' Assistance Grant.

Recipients may also be eligible for the Seniors' Home Improvement Program and the Senior Citizens Home Heating Protection Program.

Application forms for the Widows' Pension Program are available at Treasury Branches, Provincial Buildings, local information centres, or by contacting:
